4K-6 Updates - Curriculum & Instruction

- District-wide Professional Learning Communities (PLC)
 - K-4 teachers from all three elementary schools meet in grade-level PLCs on Wednesdays, followed by building-level PLCs
 - 5-6 teachers meet in subject-PLCs weekly on Wednesdays
 - Specialists and special education teachers meet weekly on Wednesdays
 - Remote and hybrid teachers plan together, across the district and within a building
- Essential Learner Outcomes/Curriculum Pacing Guide
 - Together, teachers use their professional judgement and information from publishers to determine:
 - Which lessons are best for a synchronous or live format?
 - Which lessons are suited for asynchronous format?
 - Which lessons are essential and any that are non-essential?
 - How to assess standards/developing common formative assessments?

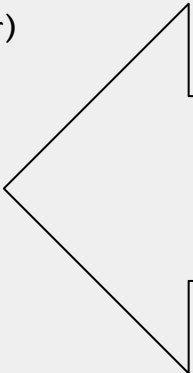

4K-6 Updates - Curriculum & Instruction

Writing Curriculum Example

When a blended or fully remote format is used, consider teaching the units in the following order:

- Unit 1: The Writing Community (beginning of the year)
- Unit 2: The Writing Process (beginning of the year)
- Personal Narrative (beginning of the year)
- Opinion Writing (middle of the year)
- Functional Writing (middle of the year)
- Expository Nonfiction (middle/end of the year)
- Poetry (if time allows)
- Fiction (if time allows)
- Unit 9: Revisiting the Writing Community

Within each unit, essential content is listed, as well as suggestions for what is best delivered live, and what could be asynchronous.

Math Curriculum Example - Unit 1

- Essential lessons:
 - 1-1 (place value)
 - 1-2 (place value)
 - 1-3 (rounding)
 - 1-6 (num. stories)
 - 1-7 (addition)
 - 1-9 (subtraction)
 - 1-10 (US length)
 - 1-11 (points, lines, rays)
 - 1-12 (angles, triangles, quads)
 - 1-13 (perimeter)
- Optional lessons (if needed, if time)
 - 1-4 (rounding /num. stories)
 - 1-5 (estimation)
 - 1-8 (open response)

Publisher provides suggestions about adapting and prioritizing particular practice activities for remote learning. For example:

- You might use learning menus or other formats to assign or suggest these practice activities to students for this unit: Addition Top-It, Subtraction Top-It, Number Top-It, Spin-and-Round, Fishing for Digits.
- The Remote Learning Notes column includes specific suggestions related to implementing the Focus activities in a synchronous and/or asynchronous remote format.

7-12 Updates - Curriculum & Instruction

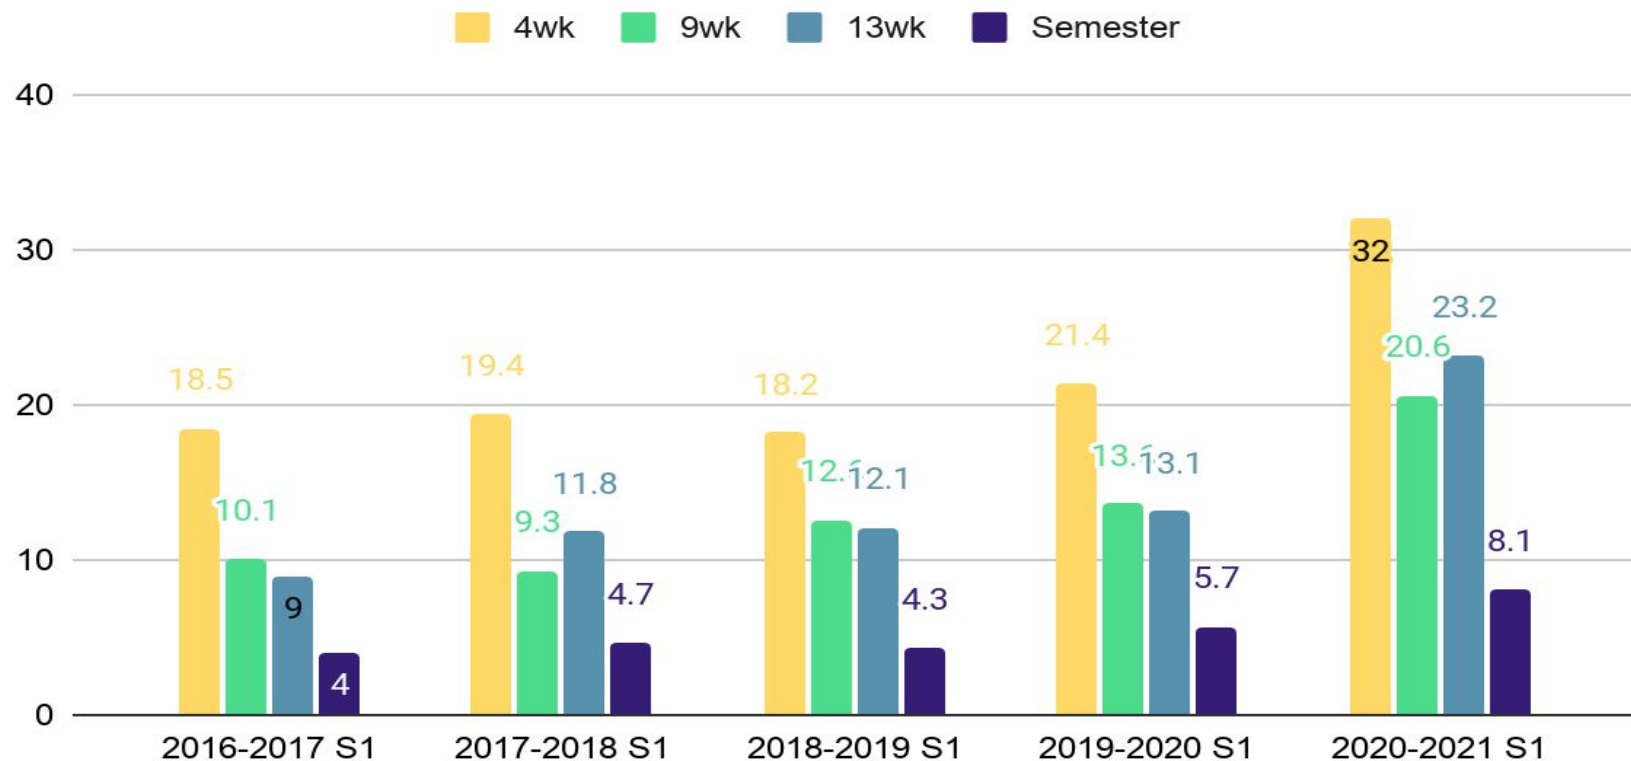

- Professional Learning Communities (PLC)
 - Teachers meet as PLCs on Wednesdays, supplemented by additional team meetings as available and needed Monday, Tuesday, Thursday, and Friday.
 - Wednesday time for school-wide professional learning.
- Essential Learner Outcomes
 - Teachers use their professional judgment, adopted standards, and vertical alignment considerations to establish essential learning outcomes (ELO's) for each course.
 - These ELO's are organizing targets for instructional design and assessment.
 - ELO's are regularly reviewed as part of the PLC process, but prioritization has received additional attention during pandemic schooling as teachers navigate the instructional delivery models and how time is allocated for the range of tasks. If everything is important, then nothing is.
 - Endurance - Does the concept or skill have significant long-term benefit and utility for the learner?
 - Leverage - Will the concept or skill be applied in other content areas?
 - Readiness - Is the concept or skill a prerequisite for later in the course or the subsequent course?
