We will certainly keep him involved in our program! However, he would not be with the top team for 8th grade. We cannot risk the year of development of other players and the team like we did with [REDACTED] It set that group back quite a bit when [REDACTED] left for Edgewood. We hope [REDACTED] decides to stay in Waunakee for High School. Great kid and will obviously be a great player. I hope you can understand our situation.

Dana,
[REDACTED] intends on going to Waunakee at this time. Do you want him to be part of your program?

Subject: Youth Hoops

Morning [REDACTED]

We are starting to organize youth basketball for the winter. Just checking to see if you had a chance to get set up with Middleton Bluebirds for this winter. Please let me know if you haven't, and I can set up an introduction with Mike Hanson. I am pretty sure they are all Edgewood kids playing on that team, so will be good for [REDACTED] I also heard Edgewood may be starting their own youth program? You I'm sure have heard about it if they are. As I type all of this I realize you probably know Mike, and more about anything EHS basketball than I do these days. Anyway, just making sure [REDACTED] is in the right place for his development. Thanks!
