Hi Randy:

Hope you are well and are looking forward to retirement!

Please accept this brief email as an records request, pursuant to Wis. Stat. blah blah blah - you've heard it all before. This is hopefully very easy.

Please provide me with the following:

1a. A copy of the email sent by you, Mr. Randy Guttenberg, dated October 6th, which includes the sentence "Thank you for your patience as I reviewed your request for lesson plans, and then your subsequent follow up clarification, about what may have been presented to a Camp Kindergarten Class, specifically one taught by Kallie Ziegler, in the summer of 2021."

1b. and a copy of the subsequent email dated "September 25, 2023" in which the requestor clarified their request.

I will be 100% transparent. I am making this request to identify the person writing anonymously about the district using these records requests.

2. A copy of any document sent to you as district record custodian from Jan 1, 2022 to present that you construed as a records request related to gender, DEI, CRT, or lesson plans involving those issues. Please do not include any records request I have made, and I will trust your discretion on whether or not a records request covers one of those 3 aforementioned issues. I don't want to create a lot of work for you here. If this is too broad or there are no such requests, that's fine and I trust your discretion.

Mike
